**IN THE MATTER OF
UNION TOWNSHIP TRUSTEES**

 9:23 AM

Tim and Karen Thompson, Carroll Asphalt & Sales, LLC, appeared before the Board to bring awareness to the way they are being treated by the Union Township Trustees. Mr. Thompson advised his company has provided chip and seal services to eleven of Carroll County's fourteen townships for a long time; one township does not chip and seal and Orange and Union Townships use non-local vendors. Mr. Thompson stated he approaches the Union Township Trustees every year about supplying them their chip and seal services. He is always told because their amount of chip and sealing that they do each year doesn't meet the competitive bidding requirements set forth by the State of Ohio; therefore, they don't bid out the work. Mr. Thompson reported most of the townships bid the work even if they aren't required to do so they still bid out the work so they can get competitive pricing. Mr. Thompson has told the trustees that because he is a local business for over 25 years he should have the chance to provide the service. Mr. Thompson advised they are using a vendor from out of town to provide the service. Mr. Thompson stated he was told by the trustees that they don't have to give him a chance. Mr. Thompson advised the trustees are now refusing to answer questions during the township meetings. Mr. Thompson advised they were notified that the public would have five minutes to ask questions but no answers would be given. After the five minutes lapses the trustees continue with their meeting. Mr. Thompson advised they have begun to video record the meetings and the trustees are speaking with the Prosecuting Attorney about not allowing the video recording. Ms. Thompson gave a billing example showing that Union Township spent \$18,595.44 more in 2017 than had they used Carroll Asphalt & Sales, LLC. The billing example is on file in the Commissioners Office. Mr. Thompson advised he is upset that the township is going outside the County to hire a vendor who is clearly more expensive. Commissioner Ohler advised when the County looks at things that we need to purchase we make sure that local vendors have an opportunity to provide the service. Commissioner Ohler stated the Commissioners have no authority over any trustees but we appreciate you bringing this issue to the Board's attention. Mr. Thompson advised he understands the Commissioners have no authority but wanted to make them aware of the ongoing issues. Commissioner Wirkner advised he empathize with the Thompsons' position.
