**IN THE MATTER OF
REPAIRS - ELEVATOR COSTS
SCHINDLER**

 9:04 AM

Ed Eick, Building Maintenance Supervisor, appeared before the Board to give an update on a situation he had with Schindler, our elevator servicer. Mr. Eick advised the Board is going to start noticing significant savings on emergency repair costs. Mr. Eick explained that a couple of weeks ago the elevator broke down and wouldn't function which left him no other option but to call Schindler and incur overtime costs as there was an employee on the 2nd floor who needed the elevator to leave the building. Mr. Eick advised their overtime rate is \$650 per hour and when the technician showed up he had to manually operate the car from the top of it by pulling the cables. Once the employee was on the ground level the technician asked if we wanted to wait until the next morning, so we didn't incur more overtime charges. Mr. Eick advised we waited until the next day to repair the unit. Mr. Eick received an invoice totaling \$2,000. Mr. Eick advised while discussing the invoice with Schindler he learned Carroll Golden Age Retreat has a reduced overtime rate compared to the Courthouse. Mr. Eick was able to get the Courthouse included in the reduced overtime rate in the future and the current invoice will be reduced by 50%. Commissioner Wirkner asked if there are any other vendors to explore for this type of service. Mr. Eick answered there are not many as he has investigated changing vendors in the past. Commissioner Wirkner asked if there is a maintenance contract with Schindler. Mr. Eick advised that a maintenance contract is in place; however it doesn't cover major parts, incidents or overtime.

**IN THE MATTER OF
CELL PHONE BOOSTER**

 9:20 AM

Commissioner Mickley advised the Board that there is very limited cell phone coverage on the 1st floor of the Courthouse and the new vending machines have a cashless payment option that utilizes an app on a smartphone to complete the transaction. Christopher R. Modranski, Commissioners' Assistant Clerk I, advised the first way to approach this issue is to place an open guest wifi in the basement but for security reasons that is not a great option. Mr. Modranski explained the second option would be to install a cellphone booster that would help coverage for anyone on the 1st floor and the vending machines. Mr. Modranski advised this option has several benefits including safety. Mr. Modranski advised he ServerSIM provided a quote which totals \$588.00, including labor to install.

Motion: to approve the purchase of a cellphone booster and installation in the amount of \$588.00 from ServerSIM, **Action:** Vote was recorded as follows: YEA: President Robert E Wirkner, Vice President Lewis A Mickley, and Commissioner Jeffrey L Ohler; NEY: None; ABSENT: None; ABSTAIN: None, **Moved by** Vice President Lewis A Mickley, **Seconded by** Commissioner Jeffrey L Ohler.

**IN THE MATTER OF
DOG POUND**

 9:25 AM

Commissioner Wirkner advised he noticed a bill from a local veterinarian for providing euthanasia services and asked if the Dog Pound has maintained its euthanasia certification to perform them. Commissioner Mickley advised the wardens are certified but he doesn't believe the facility meets the standards. Commissioner Wirkner advised the building did in the past and asked what changed. Commissioner Mickley advised the gas chamber has been removed and ever since then it is his understanding that all euthanasians have been complete by veterinarians. Commissioner Wirkner advised that is not true. Commissioner Mickley will investigate the matter and report back. Commissioner Wirkner advised he doesn't have a problem with a veterinarian performing the service but he wants to know what has changed that it can't be completed in house anymore. Commissioner Wirkner said if it's a preference that's fine but if something is wrong with the facility then we need to look into correcting the issue.
